Race Day School Preparation

Pre-Race:

Having tuned snowboards will help athletes when the courses get cut up.

Clothing on Race Day:

Please ensure all students and staff are well outfitted to keep warm inside the dome for long periods of time. There will be a lot of waiting around and we don't want people to freeze.

Races present opportunities for confusion:

- 1) Make sure that each item of clothing that your athlete might remove on race day is clearly marked with their name in permanent marker, on a tag or some other highly visible place on the garment.
- 2) Reinforce with your athletes to leave their personal stuff in your team area.

Additional Tips:

- Make sure your athletes have extra clothing just in case.
- Have athletes bring along a good book or something to pass the time while they wait during races Eat a good breakfast.
- Make sure your athletes have plenty of food and drink or money to purchase these from our cafe.
- Please allow plenty of time to get to Snow planet to avoid delayed starts or defaults.
- Talk with your parents about any experience they have that might will be helpful to course assistance on the day.
