

Fleet Racing Regatta Entry Information 2024

The organising authority is the Wakatere Boating Club

Date

Friday 8th March 2024, registration: 8.30am, briefing: 9.30am, racing commences: 10:30am

Venue

Wakatere Boating Club, Narrowneck Beach, Devonport

Age Groups

All entrants must be full time students at a secondary school in the Auckland Region and under 19 years of age on 1 January 2024.

Entries

- Each school may enter any number of 420, 29ers, Feva, Starling, Optimist, Laser Radial, Bic, IQ Foil, Wing foil, P-Class and Hansa 303 (Para). Boats may be all of one or an assortment of all or any of the event classes.
- If we receive fewer than 4 entries for a particular class, that class will be withdrawn from the event (with the exception of Hansa 303 (Para)).
- **Hansa 303 – Para category:** International 303 rules will apply, which means once racing the sailor's bottom cannot leave the seat, so it doesn't matter if the sailor uses a wheelchair or is ambulant. All Para Sailing boats must be sailed with two crew only, this could be two Para Sailors or one Para Sailor with a support person. The Para sailing section will contribute points to the Epiglass Trophy.
- Additional information is required for all entries in the Hansa 303 category, please ensure this is complete on the entry form. **Team Registration**

Entries and team lists must be submitted online via [EnterNOW](#) by 11.59pm, Thursday 22 February 2024.

Team Management

Schools must provide the contact details of their school representative that is contactable on the event day. This is in case of any issues and is required on the entry form and will be shared with Wakatere Boating Club. This representative must always be present to supervise students and should be aware of any medical problems of their students. Teams without supervision will forfeit their place at the regatta.

School Volunteers & Support Boats

As part of the entry requirements for this regatta, schools must provide at least two experienced or capable on-water volunteers and provide at least one safety or coach boat for this regatta.

Postponement

In the event that racing is not possible due to weather, a call will be made at midday the day prior to the event. The event will be postponed to a date likely to be in Term Three – all schools will be advised with notice.
