Grading

Grading was removed in 2023 based on feedback from the 2022 season review. Schools will instead enter teams into grades they best believe reflects their teams ability.

Team Management

Each team must have an adult (preferably coach/manager) with them at start of the game and during the entire game for each game throughout the season. This person is to complete the score sheet before the game, be aware of any medical problems of players in the team, implement the rules of the competition and supervise the players. Schools are also responsible for their own first aid.

If a team does not have an adult present, they will lose by Default (no competition points awarded). Adult supervisors should identify each other at the beginning of the game.

Score Bench & Floor Controller

Teams are responsible for their own score bench duties for their own games. 1 person from each team to assist with either the iPad – glory league scoring or the game score. Training will be provided for those entering data on iPads into glory league. At the conclusion of each game the venue controller or referee will check with the score that it is correct and submit the final score. Once submitted on Glory League this score is the final.

Referees

During the season referees will be provided for Open A Grade only, all other grades (A & B Grades) must supply a minimum of 1 x referee per game, per team. Teams that do not provide a referee will lose by default (20 - 0 win to the opposing school).

Referee clinics have been arranged by ABSL and the RSD for each zone. Schools to be notified of up-coming referee courses offered by ABS – TBC.

Grades, Days, Times*

- Open Grade is not a “social” grade. Entering in Open A is the only way your team can qualify to get into Senior A.
