Qualification for the College Sport Auckland Championships

Individual Events (except for hurdles)

Two athletes per zone will automatically qualify for the College Sport Auckland Championships. The remaining eight places will be decided by selection panel through dispensation and next best qualifiers over all other zones. A maximum of two reserves may be named.

Hurdles

One athlete per zone (Central East, Central West & Counties Manukau) will automatically qualify for the CSA Championships. The remaining five places will be decided by selection panel through dispensation and next best qualifiers over all other zones. A maximum of two reserves may be named.

Relays

One team per zone will automatically qualify for the College Sport Auckland Championships. The remaining four places will be based on the next fastest times over all zones. One reserve team may be named. Relay teams that qualify for the College Sport Auckland Championships do not have to have the same team members in it that ran at zones.

Dispensation

Athletes must compete at a zone meet to qualify for the College Sport Auckland Championships. If an athlete is unable to attend their zone meet, their school may apply for dispensation for the athlete to compete at another zone meet. Athletes competing out of zone cannot automatically qualify for the College Sport Auckland Championships, but they will be considered with the 'next best qualifiers'. Dispensation applications for students who could not compete at any zone meet will only be considered in reasonable and unavoidable circumstances. Applicants could miss selection if spaces are restricted.

Confirming Qualifiers

Zone results will be available on the College Sport Auckland website shortly after each zone meet for schools to check their automatic qualifiers. The selection panel will meet after the final zone meet to discuss dispensation requests and confirm all qualifiers and reserves. If any automatic qualifiers do not wish to compete at the College Sport Auckland Championships, the school must notify College Sport Auckland by email ASAP. Schools must confirm all their qualifiers with College Sport Auckland by **Friday 15th March 2024**.

Rules

Starting blocks

Crouch start must be used up to and including 400m. Starting blocks are optional unless the athlete is wearing spikes. The track referee has the final call on all starts. Spikes can be 7mm maximum.

Appeals procedure (WA Rule TR8)

Appeals must be made within 30 minutes of the posting of the result. This must be done in writing by the school manager and delivered to the help desk. The appeal then is considered by the Jury of Appeal. The "Running Under Protest" rule is available only in exceptional circumstances, and at the discretion of the Referee, where there are circumstances that cannot reasonably be decided on at the time. Where it is allowed, the athlete concerned must finish the event and immediately make an appeal to the jury immediately following the race or be ignored from the result. This does not mean that an athlete disqualified for a false start has any automatic right to run under protest.

Assistance to athletes (WA Rule TR6)

- Communication between the athletes and their coaches placed in the competition area constitutes assistance and is not allowed.
- Intermediate times or preliminary winning times communicated to athletes by persons in the competition area without the prior approval of the appropriate Referee constitutes assistance and is not allowed.
- Pacing in races by persons not participating in the race, by athletes lapped or about to be lapped or by any kind of technical device constitutes assistance and is not allowed.
- Possession or use of video, iPod, radios, mobile phone or similar devices by an athlete in the Field of Play constitutes assistance and is not allowed. However, the use of electronic equipment as a coaching aid, is allowed outside the Field of Play only.
- Any athlete giving or receiving assistance from within the competition area during an event renders himself liable to disqualification from that event.

False start (WA Rule TR16.8)

- An athlete, after assuming a full and final set position, shall not commence his start until after receiving the report of the gun. If, in the judgment of the Starter, an athlete does so any earlier, it shall be deemed a false start. Any athlete responsible for a false start shall be disqualified.
- At the Zone Meets, the Starter will have discretion on this rule.

Failure to participate (WA Rule TR4.4)

- An athlete shall be excluded from participation in all further events in the competition, including relays, in cases where:
 - (a) A final confirmation was given that the athlete would start in an event but then failed to participate.
 - (b) The athlete has qualified in preliminaries or heats for further participation in an event but then failed to participate further.
- A fixed time for the final confirmation of participation shall be published in advance.
- Failure to participate includes failure to compete honestly with bona fide effort. This means – In the opinion of the referee an athlete does not try to compete to the best of their ability (usually done to save themselves for a final or a relay) the athlete may be disqualified from all further events under rule T4.4.3. An example is an athlete jogging around the track, mucking around or deliberately causing a false start.

Disqualification (WA Rule CR18.5)

- A competitor acting in an unsporting manner renders him/herself liable to disqualification from the competition.

Health & Safety

- Please be aware of all events in progress. Do not cross the track without looking both ways first and never cross the track near the finish line or in the home straight as this will interfere with photo finish operations. Only enter the competition area when you are called to your event, or when it is in progress. All athletes are to respect the directions given by officials – they are only looking out for your safety.
- The Throws areas are the most hazardous events, please ensure you walk around these events not through them; safety tape will be in place around these areas to ensure your safety.
- When field events are running while the relays are in progress, all athletes must walk around the perimeter of the field area to get to their relay position.

Entry Standards for Zone Meets

All athletes should have met these entry standards. In field events, any attempts that are not above (or close to) the entry standard may not be measured.
