Team Time Trial (TTT) Series

Competition Information 2024

Grades

- Senior competitions are for teams of 5 riders who are Under 19 years as at 31st December in the year of competition.
- Junior competitions are for teams of 4 riders who are Under 16 years as at 31st December in the year of competition.

Eligibility

Refer to the College Sport Auckland [By-laws](#).

Start Lists

After the draft start lists have been sent out race alterations/feedback will be due back by midday the Thursday prior to the race date, see below:

Event	Race date:
Pre-Season Meeting (Zoom)	2 May 7pm
Team Time Trial 1	12 May (Pukekohe Park)
Team Time Trial 2	26 May (Pukekohe Park)
Team Time Trial 3	16 June (Aka Aka – Otatau)
Team Time Trial 4	28 July (Pukekohe Park)
Team Time Trial 5	11 August (Aka Aka – Otatau)
Finals Day	18 August (Pukekohe Park)

Championship Series

The purpose of these championships is to find, in ranked order, the ten best teams (Senior Boys & Girls and Junior Boys & Girls) over the entirety of the season's racing and involves allocating points for the race time placing at each event throughout the season.

The accumulated points from best four performances of the five events determine the overall placing. Points will be awarded in the following manner: 1 point for first place, 2 points for second place and so on until the end of that category. All teams are automatically entered upon completion of the correct entry procedure.

Senior competitions are for teams of 5 riders who are under 20 years on 31st December in the year of competition. Junior competitions are for teams of 4 riders who are under 16 years on 31st December in the year of competition.

Most Improved Series

The purpose of this competition is to give less competitive teams a chance at competing for well-deserved rewards. It is designed to encourage inexperienced and/or beginning teams. Handicaps are based on the biggest difference in time between your average race time and your fastest time. Teams must have completed 4 races to be included in the handicap at the end of the season.

Composite Teams

They will be included into the main competition subject to the make-up of the composite team and given approval by Colelge Sport Auckland.

Team Management

All teams must have a teacher or adult with them at every race. This person must be aware of any medical problems of students in the team, implement the rules of the competition, and supervise the students. Teams without supervision may be scratched.

Results

Results will be available live on the CSA App on the day and will also be uploaded to the website after each race

Officials

- Each team from each school must provide an adult to be an official on the day. Teams may nominate more than one person for the officials' duty to be shared amongst them throughout the season.
- Each school must provide a contact person who organizes this duty.

Transponders

Team Time Trial transponders will be given out on the day of the race and collected by the school's teacher in charge each race.

- All transponders will be issued on the day. These are from the College Sport shed.
- Transponder's will be a disposable sticker attached to the bike seat.

Handle Bars

Here are the new brake hood inclination rules with a [link](#) to the UCI technical regulations document and the relevant article which deals with handlebars.

ARTICLE 1.3.022

BRAKE HOOD BODY INCLINATION The centre plane of the Brake Hood Body must align with the centre plane of the Traditional Handlebars (Drop area). In order to ensure that the braking system may be operated both safely and as designed (or intended), by pulling on the levers with the hands on the lever supports, a maximum inclination of 10 degrees is permitted between the two planes (see illustrations below).

Responsibilities of Schools

Responsibilities of schools with teams entered in the College Sport Team Time Trial competitions are: -

- To have a team manager present for each team entered.
- To ensure all competitors and supporters are aware of the rules of competition and adhere to them.
- To provide a minimum of one marshal or official for each team entered. These designated officials may be parents but may not also be the team coach/manager.
- To inform students and parents that **DOGS ARE NOT PERMITTED ON SITE**. This is a school's responsibility to both inform and help to enforce this as our contract with Pukekohe Park is in jeopardy should rules around dogs be broken.

Please note: that due to the over-bridge at Pukekohe Park being taken out, there will be no crossing of the track during races. Anyone who wishes to be on the inside of the track must be through the gate 15 mins prior to the start of the first race, and remain inside the track until the final race is completed. *This includes racers, officials, marshals and spectators.*

Start Times

Races at Pukekohe Park – Key timing

7:30am – Registration open
8:30am – Manager's meeting
8:45am – first riders to start point
9:00am – First riders start
10:45am – Predicted finish

Races at Otua – Key timing

8:30am – Registration open
9:30am – Manager's meeting
9:45am – first riders to start point
10:00am – First riders start

Otaua TTT Manual – Course A

The road for this course is always open. At key points traffic is managed but riders must follow the Road Code and marshal or traffic management instructions.

Otaua TTT Course A Link: <https://www.mapmyride.com/routes/view/4974794410/>

The warm-up area in the tennis courts will provide hard surface space for schools to set up tents. Due to the limited space schools will be allocated a set amount of space and location to set up. The area will be broken into 3m x 3m allocations suitable for pop-up tents to be set up. Allocations will be based on the number of teams entered the competition so that every school has a share of the space appropriate for their needs.

Registration and Race Headquarters will be in the Hall adjacent to the tennis courts.

Schools may bring BBQs and coffee machines to site but will need to locate them within their allocated space.

The space between the fenced warm-up area and the road is a drop-off space for gear – not for parking.

- Parking is limited
- Please be considerate of locals and park appropriately where you can find space – off the course
- Carpooling, where possible, will help reduce congestion
- No parking along Factory Rd in Otaua – this is the race start area
- Riders need to be careful moving from the warm-up area to the start area
- All teams must race/ride with operating front and rear lights on every bicycle in the team
- After rider cross the finish line, they will continue back into Otaua and have their transponder collected at the corner of Factory Rd and Hoods Landing Rd (as per Marshal Positions 5-7 Map)
- Once transponders have been collected riders continue along Hoods Landing Rd and turn right Maioro Rd to return to the warmup area (tennis courts).
- Cycle lights: Cycling are required to have lights on the road courses

Otaua TTT Manual – Course B

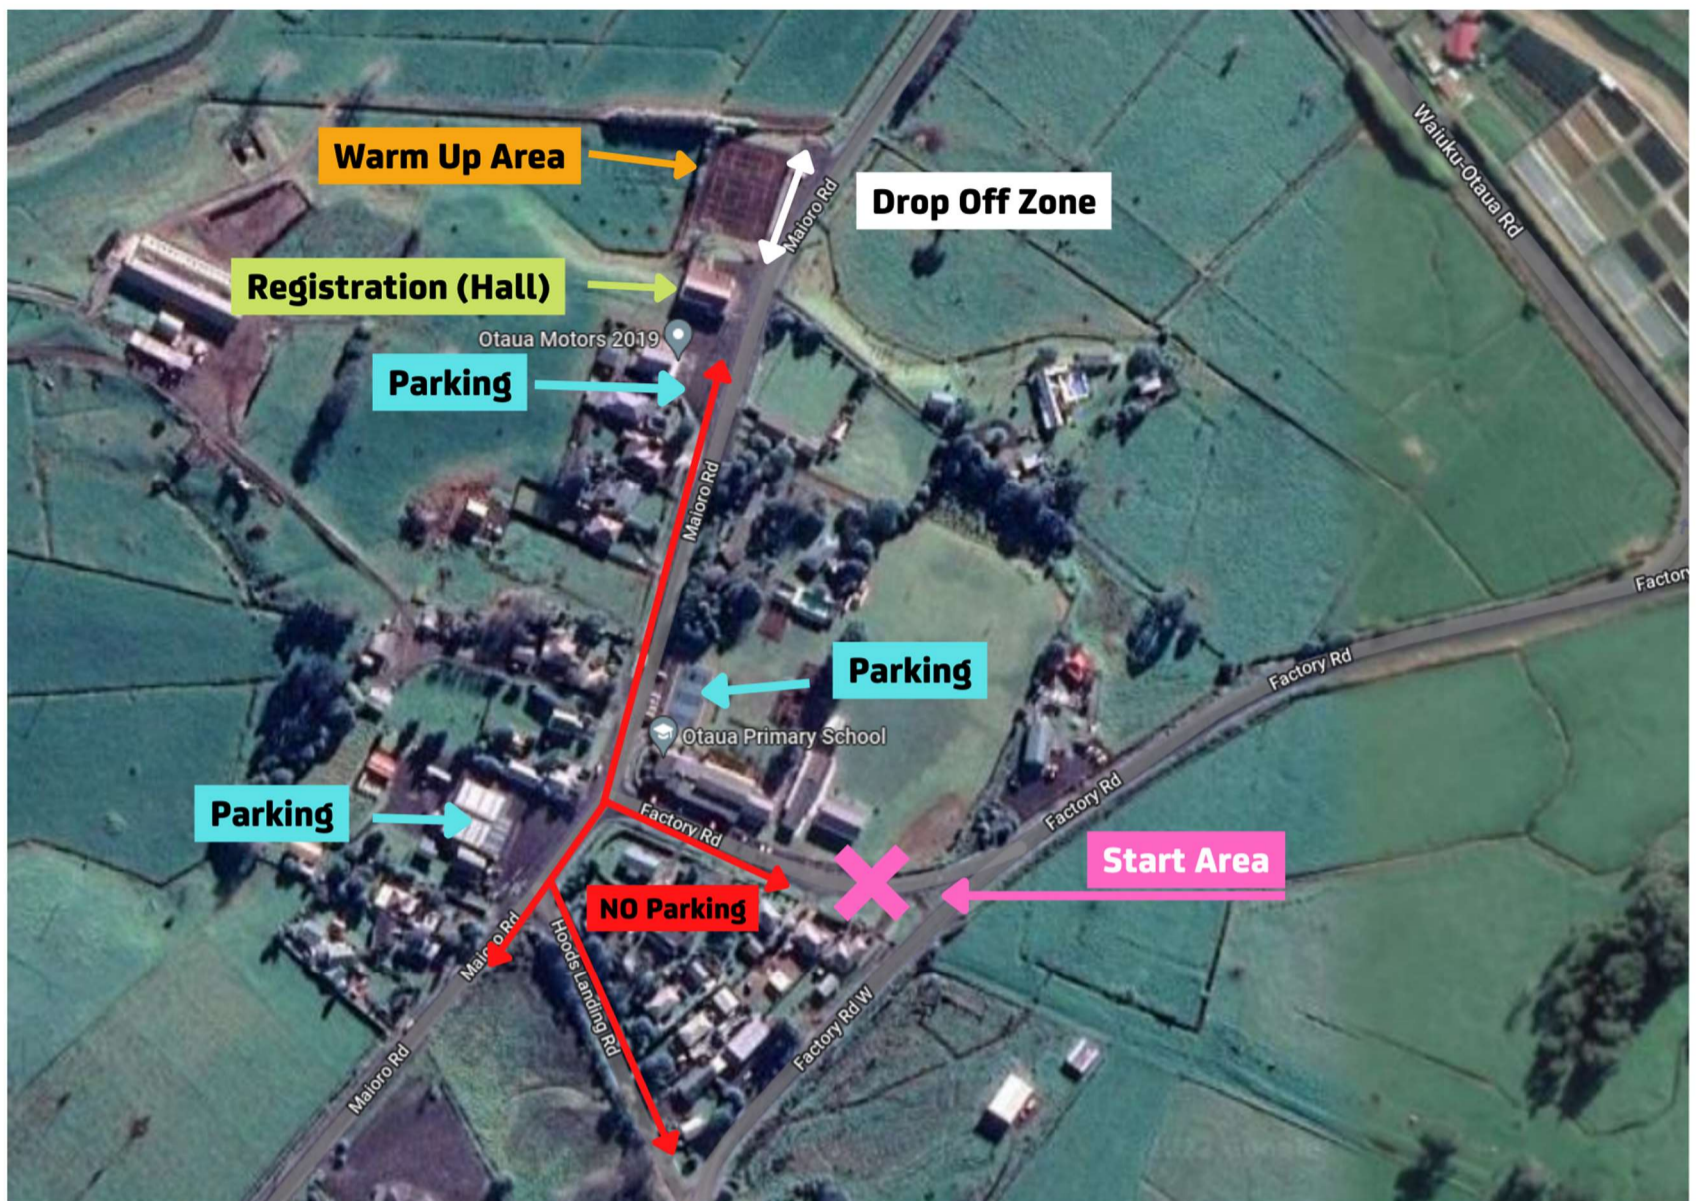

Otaua TTT Course B Link: <https://www.mapmyride.com/routes/view/4876066372/>

Course B is an exciting TTT course with a number of technical turns and some long straights. With crosswinds usual for the area skillful teamwork with effective communication will play an important role in fast times. After crossing the finish line by Harris Rd (intersection with Otaua Rd) teams have plenty of time to reduce speed before turning right into Hoods Landing Rd and heading back to the warm-up area. Teams need to remember that roads are open and keeping left is important – particularly through the section from Otaua through to marshal position 6 where teams are racing in both directions on Otaua Rd.

Warm-Up Are School Allocation Map

Each cell represents a 3 x 3m space for a pop-up tent. How you use the space is up to each school.

TTT Race Map – Pukekohe Park

Map Amendments

Start / finish process

Please note the yellow arrows (finishing process) and green arrows (start process). Please keep to the left and walk bikes along

School Tent set-up

Schools that arrive first are to head as far North as possible. Schools to ensure tents are set up alongside each other allowing all schools to fit.

Medic location

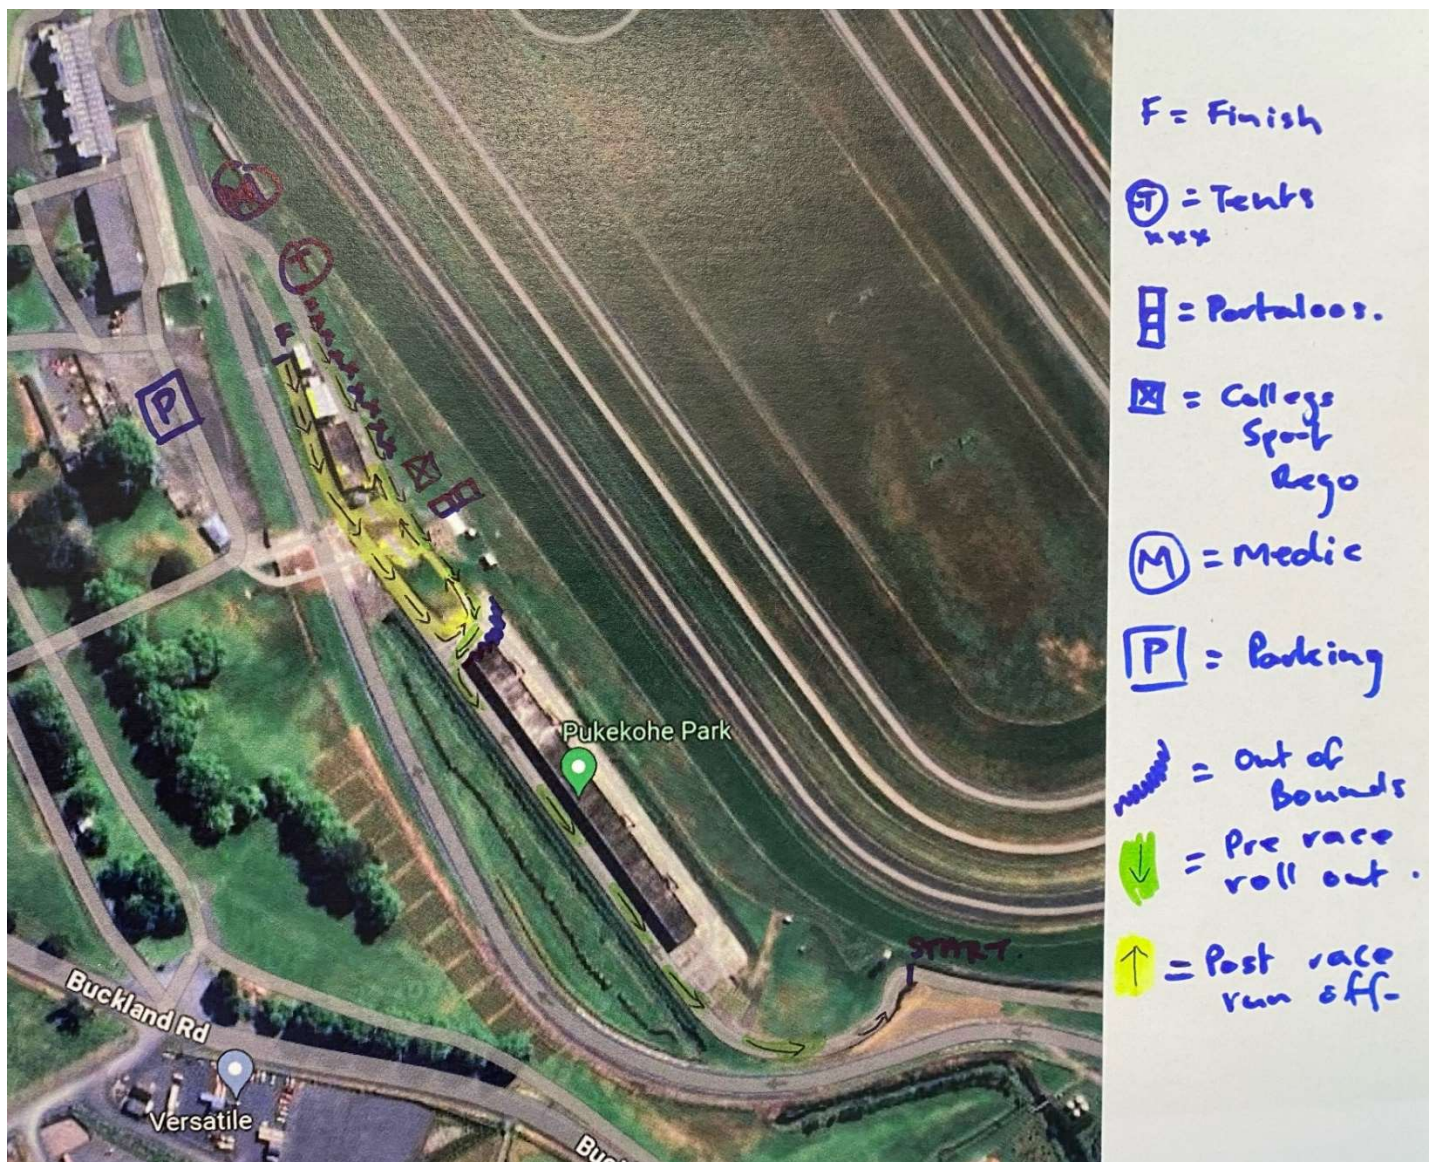

Near finish line for ease of access to track

Parking

Schools have access to inside track to drop off equipment between 7.15am and 8am

Portaloos

4x Portaloos and already existing portacoms available.

Team Time Trial Competition Rules

Introduction

These rules are intended to create an environment for fair competition between all teams provide safety and protection

This event is administered under the bylaws of College Sport. Please refer to the College Sport website or app for further information on their bylaws and policies www.collegesport.co.nz

Racing will be run under Cycling New Zealand Schools Rules. You can access these rules by visiting Cycling New Zealand School website.

General conduct of competitors

Competitors will:

- Practice sporting behavior always.
- Be responsible for their own safety and the safety of others: obey instructions from race officials.
- Treat other competitors, officials, and spectators with respect and courtesy.
- Be responsible for knowing and following the rules.
- Wear issued numbers on right shoulder. Please ensure these are placed on the front of the shoulder so they are visible to the spotters as teams are approaching them.
- Any instance of dangerous riding or breach of race rules will incur a penalty.

Parking

Parking is available in the designated car park. Please follow carpark marshal instructions.

Race entry procedures

- Senior competitors must be under the age of 20 on 31st December in the year of competition: Junior competitors must be under 16 years on 31st December in the year of competition.
- Current attendance at the school entering the team is mandatory for all team members.
- Each team entry must include the names and date-of-birth of each rider.
- Each team entry must include the name and phone contact of a designated official for that team to perform marshalling duties.
- All schools are to have their team ride in correct uniforms / colors.
- Composite teams must be submitted to College Sport prior to any racing.

Equipment

- Standard approved safety helmets must be worn securely fastened when warming up, racing, and warming down. Aero Helmets are permitted. Helmets must comply with CNZ School rules.
- Conventional drop handlebars only are permitted; triathlete type bars including clip-ons and/or bull bars are not permitted.
- Disc, composite, and tri-spoke wheels are not permitted.
- Wheels must have a minimum of 16 spokes and rims be no deeper than 55mm.
- There will be random Bike/Equipment checks at every race. A failure means a NO ride. A list of the Bike/Equipment check standards will be posted on the College Sport website. www.collegesport.co.nz

Rules of note (Cycling NZ School Rule Clarification)

As this was of some contention in 2024, please note stated in the Cycling New Zealand Schools – Rules for School Cycling Events regarding riders riding in multiple teams:

4.13 *A rider may only ride in one age group and in one team per team event. In accordance with Rules 2.15, 4.9, 4.10, and 4.11, schools can submit a written application to the organisers to allow a rider to be part of a second team if the school has no alternative riders in that age group.*

Where possible, if schools require a rider to ride in multiple teams, **CSA requests that this is received before Thursday, 12pm** on the week that the event is scheduled to take place.

The Race

- Senior teams consist of no more than 5 riders. The team's time is taken when the front of the fourth rider's front wheel crosses the finish line. Teams may start with only four riders but teams finishing with three or fewer riders will not receive a time.
- Junior teams are to consist of no more than 4 riders. The team's time is taken when the front of the third rider's front wheel crosses the finish line. Teams may start with only three riders but teams finishing with two or fewer riders will not receive a time.
- Gears will be checked at the race start no later than 10 minutes before a team races. Over-geared teams may receive an unofficial start, at the discretion of the race manager.
- The event's start time is **9:00am at Pukekohe Park** and **10:00am at Otua**. Teams leave at 1-minute intervals. Seeding is based on the results of the previous team time trial with the fastest team leaving first.

Otaua Events

- Roads are open.
- Teams must always follow the road rules.
- Team must keep to the left of the road and never cross the centerline.
- Teams complete one lap of the course.
- Teams may pass other teams on the right, keeping in their lane
- Dropped riders should finish the lap. If they are not able to then they must take care not to cross the finish line before their team – this can adversely affect the results.

Start

- Each rider will start with one foot on the ground in the defined starting area. Held starts are not permitted.
- Any team that misses its start may receive an unofficial start, at the discretion of the race manager, after the last team has departed, time permitting.
- Outside help during the race, unless for acceptable safety measures, will result in disqualification.

Overtaking

- When overtaking a clear 2-metre-wide gap should be maintained between all the riders, in both teams, all of time.
- The passing team must call the side they are passing on, calling of overtaking/passing must be loud.
- The passed team must call "clear" when the last rider of the team overtaking has passed the lead rider of the overtaken team.
- The passed team must not speed-up to prevent an overtaking maneuver and must not draft the passing team.
- Passed teams must drop back 20m after being passed then continue racing.
- Any overtaking must be undertaken cleanly without any danger to either team.
- Interference with another team will result in penalties.

Finish

At least 4 of the 5 for seniors, and 3 of the 4 Juniors of the team members must complete the entire length of the race and all finish in proximity.

Placing

- In deciding the overall placings for the championship series of races, the worst result for each team will be dropped from all calculations.
- In the event of a tie - final placing on last race of the TTT Series – this applies to first three placings

Infringements and penalties

Infringements include	Penalties include
Deliberate interference with another team.	Warning
Drafting.	
Failure of marshals to attend.	
Failure of teams to provide marshals.	Time penalty
Failure to finish as a team.	Points penalty
Failure to keep always left.	
Riding without both hands-on handlebars	Disqualification
Over gearing.	
Team being paced or followed during race.	Suspension
Too many riders in a team.	
Unsporting behavior.	Expulsion
Use of inappropriate language and behavior.	

Protest Procedures

- Any disputes or infringements are to be notified to the Collee Sport Manager within 30 minutes of alleged dispute or infringement.
- Penalties will be determined by the race manager and Disputes Committee dependent on the severity of the infringement and based upon all reports and precedent. The penalties will be displayed on the provisional results which will be online.
- Teams may appeal any penalty – a form can be downloaded from www.collegesport.co.nz and must be forwarded to College Sport no later than 12 noon Monday after race day. It will be up to schools to provide sufficient information on the form to enable the Disputes Committee to make a reasoned decision. This protest form will need to be signed off by your school i.e., TIC of Cycling/Sports Director, before being submitted.
- The Disputes Committee will review the appeal with relevant parties

Cancellation

- The Race Manager has the discretion to cancel racing at any time should he feel the safety of the riders is compromised due to the weather conditions and or any other factors he chooses to consider in conjunction with the Race Director.

Timing

- Due to cost factors involved 2024 Time trial series will operate with manual timing

Sponsorship logo on school playing uniform

- School Cycling Teams may adopt sponsorship on their cycling uniforms referring to the following guidelines:
- The school's playing uniform should maintain its identity
- The size or position of any sponsorship logo must not dominate or detract from, that school's uniform's distinguishable nature.

- No alcohol, tobacco, night club or similar advertising may appear on any clothing worn by secondary school students while competing in a sanctioned secondary schoolsport.
- Teams' or individuals' sponsorship may not conflict with any sponsorship arrangements of the event or competition.

NB – These uniform rules are set by College Sport and will not conform the requirements of racing in CNZ Schools Rules. If you are designing your school kit, please refer to these rules to avoid disappointment at CNZ Schools events.

Cycling Points Race

Sunday 9th June 2024 – Pukekohe Park Raceway

Cycling Points Race – Key timing

6:30am – Registration open

7:30am – Manager’s meeting

7:45am – first riders to start point

8:00am – First riders start

Overview

A race briefing is held for each grade in the pit lane. Riders are led out by the follow car. Only once the car leaves, does the race begin. The circuit is used in clockwise direction.

There are 6 boys and 6 girls grades races. One boy and one girl’s race will compete on the circuit at the same time. The second race can start just before riders from the first race complete their first lap.

Races vary in length from 4 laps for U13 grades to 12 laps for U20 grades.

Ages are taken as of 31 December 2024. e.g. A competitor who is 15 on 31 December 2024 races in the Under 16 grade.

During the race, every second lap is a sprint lap. Points are awarded for 1st, 2nd, 3rd and 4th placing on each sprint lap. Points are 5,3,2,1.

The competitor with the highest sum of points wins the race. The intent is to reward riders who work hard for intermediate sprints, rather than those who save everything for the final lap. It also encourages some to try to break away from the bunch.

Riders will NOT be removed from the track if they drop from the main bunch, however lapped riders will not be able to start a lap once the race has finished (ie the winner has crossed the finish line). This is to keep racing to time.

Date – POINTS RACE

Sunday 9th June, Pukekohe Park

Grades

- U13, U14, U15, U16, U17, U20 girls and boys (as at 31 Dec 2024)

Race Start

- The Racetrack will open for practice from 7:00am to 7:30am
- First race will start at 8am. From there the next race will start once all competitors from the previous race have been cleared from the track. **THE TIMES IN THE SCHEDULE ARE INDICATIONS ONLY. YOU NEED TO KEEP AWARE OF WHAT GRADES ARE RACING TO TIME YOUR WARM-UP AND RACE START.**

Registration

- The TIC in charge must collect their schools race pack from the registration desk which will be open from 6.30am. They will need to make sure the students are given the correct transponder – numbers will be assigned to each student.
- Please make sure all Marshall’s (Except spotters) check in with College Sport staff and collect clipboard and high vis vest by 7:30am, to be out on track at 7:50am.

Rules

- The race will be run under Cycling New Zealand Schools rules, or where there is no ruling detailed Cycling New Zealand Road and Track Rules apply.

- National school gearing applies: 6.61m up to U16, 7.0m for U17, 7.93m for U20
- Points are awarded for sprint laps and for the final lap.
- Always wear a helmet when on your bike at the venue (including adults).

Racing

- Know your race distance.
- Know your sprint laps (whistle for sprint laps).
- Bell for last lap.
- Respect other riders.
- Remain civil when racing.

Prizes

Medals will be awarded at the Team Time Trial (TTT) finals day – 18 August 2024.

Uniforms

All riders should be wearing their school riding kit

Team Management

All schools must have a teacher or adult with them. This person is to be aware of any medical problems of riders, implement the rules of the race, and supervise the riders. Riders without supervision may be withdrawn from race.

Please note: that due to the over-bridge at Pukekohe Park being taken out, there will be no crossing of the track during races. Anyone who wishes to be on the inside of the track must be through the gate 15 mins prior to the start of the first race, and remain inside the track until the final race is completed. *This includes racers, officials, marshals and spectators.*

Safety first

- Be observant, be considerate of all those around you
- Helmets are firm around the head and one finger gap under the chin strap

Drafting

- Do not draft off any other bunch that is not in your race

Mechanicals and punctures

- Due to the size of the lap, we cannot allow a lap out
- If you have a mechanical issue, you are most welcome to re-join the race a lap later, but your actual placing will be the number of laps you have ridden
- If you are lapped – stay to the outside of the track as the faster line tends to be the inside line

Transponders

- No transponder, no racing, no reading = no race result
- The transponder needs to be attached to your bike, not down a sock or in a pocket

Rollout checks

- If you believe you scored any points in the race you need to report immediately to rollout.
- No rollout = no points = no result
- Turn up to rollout more than 5 minutes after you finish = no points

Transition

- The lead out car will take you slowly down the pit lane and out onto the track
- The car will continue the track until the driver sees you all in order

- When the car accelerates away, only then does your race begin

End of the Race

- At the end of the race marshals will guide you off the track just after the end of the pit line (on the right-hand side of the track). **DO NOT RIDE BEYOND THIS POINT AND START ANOTHER LAP – YOU MAY BE DISQUALIFIED**
- Your transponder will be taken at this point.
- This is also the point to access the rollout.

Please note – due to our contract with Pukekohe Park **NO DOGS ARE ALLOWED AT THIS VENUE**. Please remind your students and parents that dogs are not permitted. We risk losing our contract with Pukekohe should we have dogs on site.

Race Format

Age Group	Laps	Distance (km)	Estimated Start Time	Sprint laps
Girls U13	4	11.64	8:00 am	2, final
Boys U13	4	11.64	8:06 am	2, final
Girls U14	5	14.55	8:35 am	2, 4, final
Boys U14	5	14.55	8:40 am	2,4, final
Girls U15	7	20.37	9:10 am	2, 4, 6, final
Boys U15	7	20.37	9:15 am	2, 4, 6, final
Girls U16	9	26.19	10:00 am	2, 4, 6, 8, final
Boys U16	9	26.19	10:05 am	2, 4, 6, 8, final
Girls U17	11	32.01	10:55 am	2, 4, 6, 8, 10, final
