Teams

For the Team Match Play, a team consists of pre-selected archers from one school (four for recurve or two for compound), with an appointed captain and a manager. If space becomes limited, a cap may be placed on the number of entries from each school. Composite school teams are not permitted.

Attire

School sports uniform or school tracksuit. Closed in shoes.

Equipment

Unless otherwise stated, standard World Archery rules apply.

Timing Lights will be used allowing 4 minutes per 6 arrow end.

Food

A sausage sizzle will be running through the event, selling sausages and drinks. As the matches will be running alternatively through lunch time, we recommend that all archers bring lunch, or take advantage of the BBQ, as there may not be sufficient time to buy lunch elsewhere.

Safety

As we are situated in a busy public park, strict safety procedures must be adhered to. This information is included in the Shooting Protocol on the [College Sport Auckland Archery Information](#) page.

Scoring

Archers shall use approved scorecards with double scoring.

Archers should mark the target face with a pen to the side of each arrow after each end. This ensures that any bounce outs or pass throughs can be scored.

For team matchplay, no team should score their own arrows. When up at the targets, there should be 2 people from each team scoring on each target to ensure accuracy.

For Individual Matchplay, both archers should verify each others scores before recording their own scoresheet.

It is the responsibility of all archers on the target to ensure that all scorecards are filled out accurately and signed on completion.

Results

Results will be announced at the conclusion of the event.
